

# You are planning a trip to Antarctica!

This week you need to plan your trip.

Use the internet to carry out research.

The following questions will help you.

Who will you take with you?

What food will you pack?

What clothing will you wear and bring?

What route will you take?

Will you visit any other countries on your way there?

How much will the trip cost?

Write about your trip and all the preparation you have done.

You could use:

- 2 adjectives separated by a comma

- Joining words: and, but, so, because, if, then
- Exclamation sentences!
- The questions as subtitles for paragraphs
